

CUSTOM EARBUD TIPS

How well do your earbuds fit?

Do your earbuds keep falling out of your ears? If so, we have a solution. Microsonic custom earbud tips! No more constantly adjusting and pushing-in your earbuds, which over time can cause irritation.

Our custom tips fit securely in your ears, are pressure-free and incredibly comfortable. Oh, and they sound amazing, too!

Did you know?

Custom earbud tips make the music sound better! By creating a perfect seal in your ear, the quality of the audio you hear is enhanced with deeper bass, clean mid-tones, and clearer highs.

Custom tips also block unwanted environmental sounds, helping you keep the volume turned down, which is good for your hearing! Whether for the Apple iPods Pro® or another earbud brand, we can build custom-fit tips for your device.
